

Our Guarantee to Students

The staff at Dixon High School prides itself on being a caring group of professionals in whom you can put your trust and confidence. We see each student as an individual with different needs, therefore requiring different kinds of help and guidance. Our staff is unanimous on one issue: the youth of today needs an education more than any previous generation. Technology is changing our world rapidly requiring each student to have a skill set that allows them to adapt to an ever-changing workforce. We are committed to helping each child develop these skills. At DHS you are royalty.

DIXON HIGH SCHOOL

HOME OF THE DUKES AND DUCHESSSES

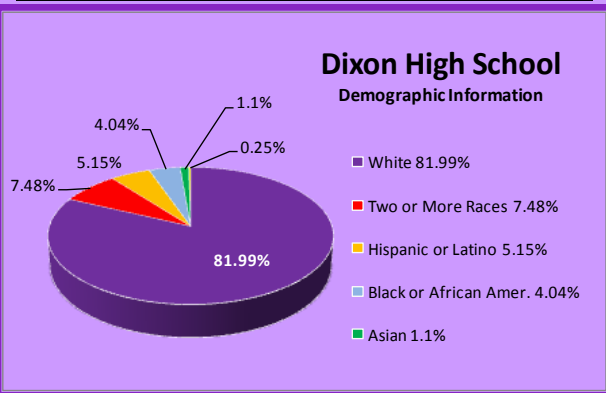

Dixon High School Mission Statement:

The mission of Dixon High School is to provide all students with opportunities to achieve academic and personal success in the school setting and to prepare them to be contributing members of society.

In order to accomplish this mission, the school is committed to maintaining high expectations for all students, regularly assessing learning, and establishing a climate which affirms the worth of students and education.

This mission is the shared responsibility of staff, students, parents and community.

Professional Learning Community

The Dixon High School "Professional Learning Community" focuses on the following four questions to help improve student achievement:

- 1) What should all children know and be able to do? (Essential outcomes)
- 2) How will we know if they learned it? (Common Formative Assessment)
- 3) What will we do if they haven't learned it? (Intervention)
- 4) What will we do if they have learned it? (Enrichment/Extension)

DHS staff members work hard to develop a rigorous/cohesive curriculum for all students
